Achievements

VSB Fonds Winner

<https://www.vsbfonds.nl>

As a recipient of the VSB Fonds grant, I had the opportunity to travel to Japan and create educational vlogs aimed at helping individuals with social anxiety overcome their fears of solo travel. This initiative successfully empowered over 20 students who reached out for guidance on managing travel-related anxiety and building confidence for independent adventures. Through this project, I demonstrated my ability to transform personal challenges into meaningful resources that support others in similar situations.

KPMG MBO Talent Booster Recipient
